FOR IMMEDIATE RELEASE: Winnipeg, November 5, 2025 — [Fleurs de Villes](#) – the Vancouver-based floral show brand renowned for its spectacular floral experiences and exhibitions across Canada, the United States, Australia, and the United Kingdom – will return to The Leaf in January for the global premiere of Fleurs de Villes WONDER.

Following the success of Fleurs de Villes VOYAGE (2024) and ARTISTE (2025), WONDER will capture the imaginations of Leaf visitors with an all-new display of fresh, floral artistry and storytelling inspired by the natural wonders of the world.

“We are thrilled to welcome Fleurs de Villes back to The Leaf for the world premiere of WONDER,” said Gerald Dieleman, Senior Director of Horticulture, Assiniboine Park Conservancy. “Launching this new show concept in Winnipeg is an amazing opportunity. It’s a perfect fit for The Leaf and our mission to connect people with nature in meaningful ways.”

On display from January 15 – 25, 2026, WONDER will feature exquisite floral mannequins inspired by nature’s most extraordinary marvels, from iconic natural landmarks and diverse ecosystems to rare botanical treasures and awe-inspiring natural phenomena. The exhibition will include installations inspired by the lavender fields of Provence (France), Great Barrier Reef (Australia), Amazon rainforest (South America), monarch butterfly migration (Mexico), and more.

Brought to life by Winnipeg’s talented floral artists, these one-of-a-kind botanical creations will capture the power and beauty of the natural world in spectacular couture floral artistry, inviting visitors to pause, reflect, and rediscover the wonder that surrounds us.

“Each Fleurs de Villes show is a tribute to the creativity and artistry of local florists,” said Karen Marshall, Co-founder of Fleurs de Villes. “With WONDER, we invite visitors to experience the breathtaking beauty of our planet through the language of flowers, to see the world’s natural wonders reimagined in a way that inspires awe, appreciation, and a deeper connection to nature.”
